4.2.4: Percentage per day usage of library by teachers and students (Data for the latest Completed academic year-1 week)

4.2.4.1. Number of teachers and students using library per day in a week.

1. Library-per day Usage

Institution central library has great numbers of books, journals, e-journals, magazine that attract the stack holder. Percentage per day usage of library by teachers and students is calculated using a number of student and teacher visited to library section in the date 22/08/2022 to 27/08/2022 as follows.

Library usage between (22/08/2022 to 27/08/2022)

- 1) Circulation-Book Issue /Return (22/08/2022 to 27/08/2022) - total number = 126
- 2) Central Library reading room-total number = 488
3. Central Library staff visited =33
- 4) DELNET e-access total number =33
- 5) Xerox facility = 35

Total number of staff and student visited to Library = 126+488+33+35= 715

Therefore Number of teachers and students using library per day=715/6= 119

2. Percentage per day usage of library by teachers and students

Sr. No.	Description	Number
1	Total number of student	825
2	Total number of staff	78
3	Number of teachers and students using library per day	119
4	Percentage per day usage of library by teachers and students	119×100 ----- = 13.17 $(825+ 78)$
